Title of the Research Project: Access to Justice in the Digital Age

Report about visit and future plans (max. 200 words, English):

During my stay Prof. Adams-Prassl and I met in order to discuss our joint research interests and he kindly showed me around and invited me to dinner at the college which provided for an interesting insight into college life at Oxford.

On October 27 I gave a lecture at the European Law Discussion Group which took place in a hybrid version. Three PdD students were in charge with the organization of the talk which also gave me the opportunity to engage with students in Oxford. After the talk I had the opportunity to catch up with Prof. Hugh Beale, one of the “fathers” of European Private Law.

As for future plans Prof. Adams-Prassl and I will meet up on November 12 in Vienna (where he is giving a talk) and funding provided the plan is that he will come to Innsbruck in spring 2022 and I return for a longer period to Oxford in fall 2022. As for our project it is still at very early stages but we made progress during my stay with regard to the exact topic we would like to work on.
